OUR BUSINESS POLICY

To Sell Direct To You At Lowest Prices

FOR 19 years, we have been selling Roses and other planting material for the home grounds direct to home owners at prices far below those usually asked. This year, we have further reduced our prices on many items to meet current conditions.

All Shipments Postpaid Insured Delivery

In comparing our prices, please note that we prepay the parcel post and guarantee the safe delivery of your order. Our prices represent the complete cost to you.

STEPHEN REYNOLDS
Owner of Reynolds' Farms

Honorable Treatment Guaranteed

You can place your orders with Reynolds' Farms in full confidence of getting a square deal. We have customers in all of the 48 States. These people have dealt with us by mail for years and are enthusiastic over the wonderful values we offer.

Many New Offerings This Year

Beginning as rose specialists, we have gradually increased our activities to meet the growing needs of our thousands of customers. This year, we offer many new items:

The lovely Gov. Alfred E. Smith Rose announced last year is now ready for distribution. This is an exclusive Reynolds' Farms product.

Many species of gorgeous Flowering Trees are listed at amazingly low prices.

The wonderful Everblooming Climbers, Blaze and New Dawn—set an entirely new standard for Climbing Roses.

The new Souvenir won Gold Medal at the 1932 International Flower Show.

Make Reservations Early

We aim to fill each order with the greatest possible care.

Having ample time helps us materially in giving orders prompt attention. We will make shipment at the right time for planting in your locality, or you can name a definite shipping date. Orders received during the planting season are shipped within 24 hours.

THE PRESIDENT FRANKLIN D. ROOSEVELT ROSE

New Red Everbloomer

IT is a great privilege to have permission to name a new rose in honor of the chief executive of the nation. Such a privilege was granted us by his Excellency, President Franklin D. Roosevelt, while still President-elect.

Only a rose of great promise could be permitted to bear so distinguished a name. The rose selected for this honor is a permanent "sport" of the well-known red Templar. While similar to its parent, the President Franklin D. Roosevelt is superior in richness of coloring and in pleasing fragrance.

The petals shade from a deep rich claret at the center to a dark, velvety red at the tips. These petals have a beautiful velvety sheen, unlike those of any other hybrid tea.

This rose is now being propagated under the supervision of a specialist. A limited number of field-grown plants will be available this coming autumn.

Watch for our later announcements.

New Yellow Everbloomer

ALREADY, Mrs. Franklin D. Roosevelt, by her own unassuming sincerity and serene common sense has endeared herself to millions who are delighted to acclaim her as the new "First Lady of the Land".

The Rose selected to bear her name is a yellow

THE MRS. FRANKLIN D. ROOSEVELT ROSE

“sport” of the great Talisman. In shape, the new rose resembles its parent. Instead of a color medley, it presents a chalice of purest gold suffused on the outside with a slight blush of delicate apricot.

The plant is remarkable for the perfection of blooms produced. It promises to be a persistent bloomer. The fragrance is a faint perfume.

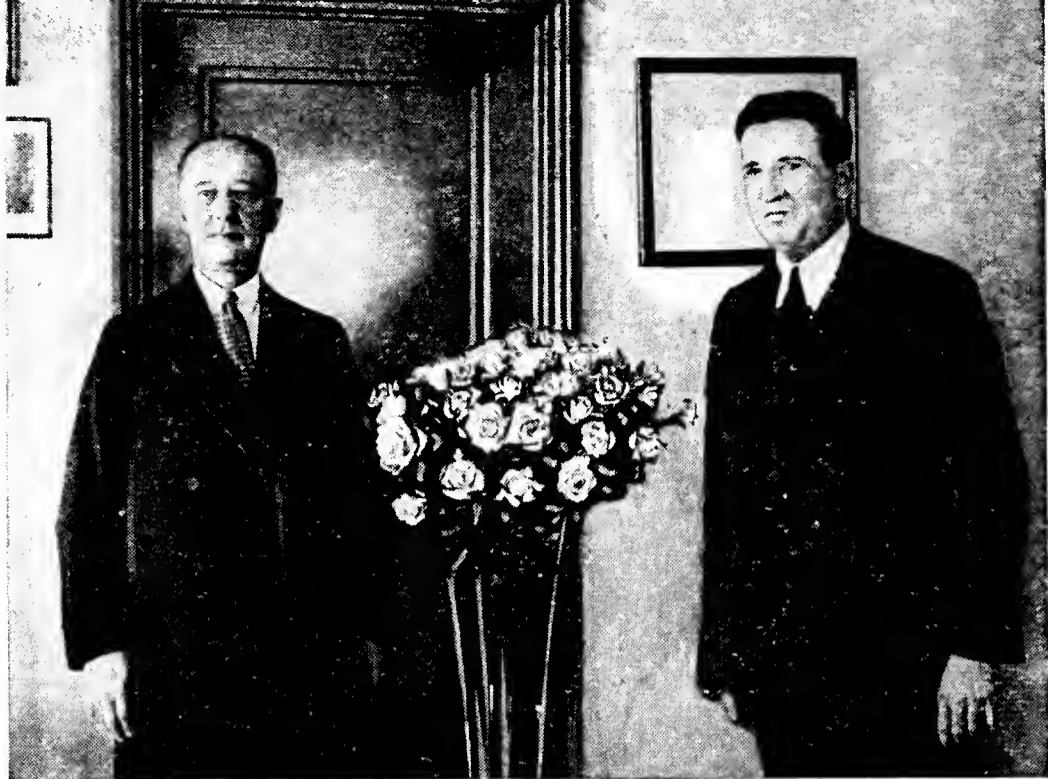

This new rose was christened after its famous namesake in Mrs. Roosevelt’s private office in the Prudence Building, New York City, on Dec. 10th, 1932. A huge bouquet of golden beauties was presented to Mrs. Roosevelt by Mr. Stephen Reynolds.

This new variety is now being propagated. A limited number of field-grown plants will be available this coming autumn.

Watch for our further announcements.

Stephen Reynolds presents a big bouquet of Roses named in her honor to Mrs. Franklin D. Roosevelt, at her private office in New York City.

*Gov. Alfred E. Smith receiving bouquet of Roses named in his honor,
from Stephen Reynolds, at his private office in the
Empire State Building, New York City.*

Now Ready for Distribution the **GOV. ALFRED E. SMITH** New, Patented Hybrid Tea Rose

A YEAR ago, we announced the new, patented Hybrid Tea Rose, the Governor Alfred E. Smith. This Spring, we have thousands of fine, field-grown plants of this promising variety.

The blooms present a new color combination of old gold, salmon, apricot and coral, with coral predominating. The flowers are fragrant, giving off a delightful though not heavy perfume. The plant is vigorous, upright and hardy, sending up large blooms in quick succession.

2-Year Field-Grown Plant, \$2

We are the sole distributors of the Gov. Alfred E. Smith Rose; it cannot be obtained elsewhere. We offer this new lovely patent-protected rose at \$2 each. Strong, 2-year, field-grown plant.

Also, with any order for Roses, amounting to \$5 or more selected from this Catalog, we will include on request one Gov. Alfred E. Smith Rose, *free*. Only one free to a customer.

OUR ROSES SUCCEED

THE Queen of Flowers was our first specialty and she still continues to absorb the chief part of our thought and energy. Our roses have made friends everywhere by their vigor and beauty of bloom.

The varieties we offer here have been selected as adapted for outdoor growing. With ordinary care, they will thrive in the average home garden.

Every plant is carefully inspected to see that it is as nearly perfect as possible, having a strong root system, abundant vigor and the ability to grow and produce an abundance of flowers.

Pruned Ready for Planting

An expert prunes each plant, so that it is ready to plant as soon as received. You have only to set it out carefully, and it will throw out fresh new shoots.

Our Roses Bloom Quickly

All our Roses are two and three years old, extra-strong plants that will thrive.

The Hybrid Teas, or so-called everblooming garden roses, will bloom within a few weeks after planting. They will continue to bloom until frost.

Our Polyanthas also will bloom within a few weeks from planting and continue until frost.

All Our Roses Guaranteed

All our plants are guaranteed to be first class and to arrive in good condition. On receipt of same, should you not be fully satisfied, kindly return them to us at once at our expense, and we will duplicate the order or cheerfully refund your money.

We ship by prepaid parcel post and insure safe delivery. If you live west of the Mississippi River, add 25c per dozen to prices quoted. This is to partially offset the extra cost in packing and shipping. It is necessary to use an extra amount of moss which materially increases the parcel post.

Orders not fully paid by shipping date will go forward C.O.D., charges to be paid by the receiver.

Cultural Directions Supplied

With every order, we include free a copy of the "Garden Lovers' Guide" which tells all you need to know to grow roses successfully.

ROSES PLANTED

July 4th

Bloom on Labor Day

THE illustrations on this page are from photos taken by K. M. Macilvain, E.E., at his summer home in the Catskills. Apparently, the entire family, including the baby, are enthusiastic over Reynolds' Farms Roses.

"Last June," writes Mr. Macilvain, "we ordered 21 rose plants from you at your sale price. We planted these plants around our summer cottage in the Catskill Mountains about the Fourth of July, and these prints show how our plants looked on Labor Day.

"In the picture of the Rapture Rose, you can see the Staechelin Climber, just to the rear. In the picture of Red Radiance, with the baby, you can see a Paul's Scarlet Climber in the background at the right.

"We are thoroughly pleased with the success we had with your rose plants, and you will probably hear from us from time to time."

Mr. Macilvain's happy experience confirms our own conviction that Reynolds' Farms Roses can be successfully planted throughout the summer. Our system of refrigeration holds the plants dormant during the hottest weather.

BABY INSPECTS RED RADIANCE

HYBRID TEA EVERBLOOMING ROSES

HYBRID TEAS are the most popular of all garden roses. They are hardy enough to withstand our northern winters. They start blooming in early June and continue with short rest periods until nipped by severe frosts. Out of the hundreds of Hybrid Teas, we have selected those best adapted to the home garden.

America—The large, long bud opens into an immense rose-pink bloom. Very lasting; moderately fragrant. Thornless. Gold Medal Winner in 1924. Still one of the best.

Annie Laurie—The flower is cupped with flesh-pink petals, deeper pink at the edges and golden at the base.

Briarcliff—Very large bud, opening into huge flower, often 4½ inches across. The petals are a deep rose pink at the center passing to lighter on the outer petals, with a touch of citron-green at the base. Moderately fragrant.

Columbia—The bud is deep pink. The flower is extra-large and very durable. Intensely fragrant. The petals are a glistening rose pink.

Commonwealth — The large double flower is deep pink, borne singly on a medium stem. Moderately fragrant, lasting.

E. G. Hill—A recent introduction of surpassing beauty. The immense flower is dazzling scarlet, shading to a deeper pure red as it develops.

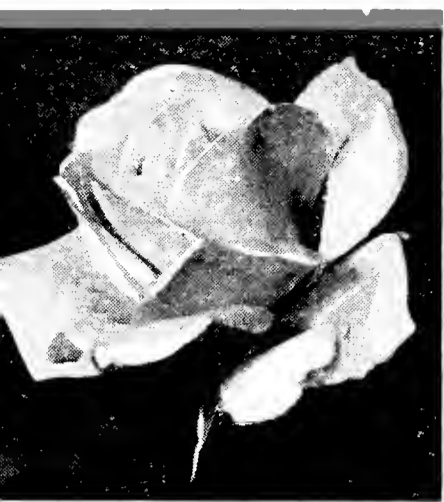

Joanna Hill — One of the best yellows, recently introduced. The large flower is a deep yellow, moderately fragrant.

Madame Butterfly — The flower is medium sized, of an intense salmon-flesh color, shading to light yellow at the base of the petals. Very lasting. Slightly fragrant. A rose that should be in every collection.

A SPLENDID TRIO

*Mrs. Calvin Coolidge, Premier
Supreme and Mme. Butterfly*

MME. BUTTERFLY

SILVER COLUMBIA

TEMPLAR

PRESIDENT HOOVER

Matchless — The immense full flower is very durable. The petals are a uniform cerise-pink. The flower is intensely fragrant, and very lasting.

Miss Amelia Gude — The flower is of medium size, with deep yellow petals, shading to cream. The outer petals curve backward. Moderately fragrant.

Mrs. Calvin Coolidge—One of our finest yellow Roses. The bud is of medium size, semi-double, very lasting. Opens into a fragrant golden yellow, deepening to rich orange with age.

Mrs. F. R. Pierson — The lovely large flower is very full of exquisite form and deep petals; crimson shaded with vivid scarlet. One of the very best red roses. Gold Medal, 1926.

Ophelia—The flowers of this splendid Rose are rich in tints of pearl-pink and gold. The buds are nicely pointed and exquisite. Excellent in growth and foliage.

Premier Supreme — Large, high-centered flowers of a shade of deep rose-pink. The long buds are handsome.

President Herbert Hoover —One of the newest and best of the duo-tone roses. The large flower is of medium orange, except for the two outside petals which are golden. The fragrance is spicy and pleasing. Twice a Gold Medal Winner, 1929. A truly great rose.

President W. H. Taft—The flower is large, full and high-centered. The petals are a rich salmon-pink, lasting. Fragrant. Hardy.

Rapture — This wonderful new Rose of bright pink, apricot and gold, is richly perfumed.

Rev. F. Page Roberts—The flower is very large, full and high-centered. The petals are yellow with red shadings, tinted

buff in the bud. Intensely fragrant, lasting. A vigorous, dependable variety. Gold Medal.

Rose Hill—The petals are dark rose-pink, lasting. Moderately fragrant. A recent introduction of real worth.

Roslyn — The large deep orange flower is semi-double, full and very lasting. The petals shade to golden-yellow, giving a pleasing duo-tone effect. Slightly fragrant. A recent introduction you'll want to try out.

Silver Columbia—A silvery sport of the rose-pink Columbia.

Souvenir de Claudius Pernet — One of the best-known yellows. The large full flower is a rich sunflower-yellow, deeper at the center. Moderately fragrant. Four times a Gold Medal winner.

Talisman — Most popular Hybrid Tea Rose of the century. A brilliant multi-color. The flower is of medium size, high-centered and very lasting. The petals are golden yellow and copper. Very lasting. Extremely fragrant.

Templar—The worthy parent of the President Franklin D. Roosevelt. The bright red flower is of medium size, globular in shape. The plant is vigorous and prolific. One of the best reds.

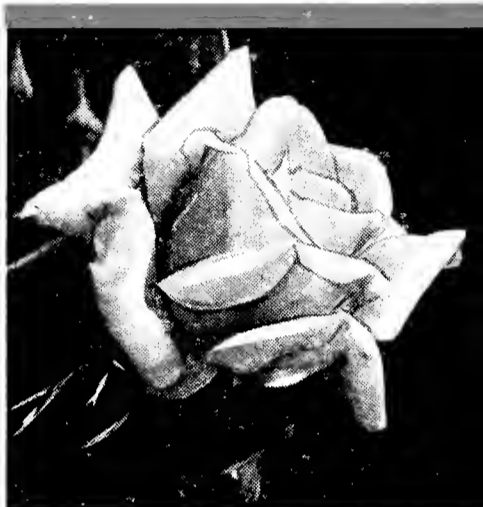

Double White Killarney—Considered the best white. The pure white flowers are of great substance. Deserves a place in every garden.

SOUVENIR Plant Patent No. 25
1932 Gold Medal Winner
2-yr. Field-grown Plant \$1.50

A golden sport of Talisman. The flower is medium in size and very durable. The petals are of rich yellow, lasting. Fragrant. A vigorous grower. One of the most recent, and most popular introductions. Sold separately, not to be included in collections.

HYBRID PERPETUALS

(June Roses)

THESE roses form large bushes covered with showy blooms. They are fine for individual specimen planting. Frequently, they will bloom in the fall as well as in June.

All 2-Year-Old Field-Grown Plants

Prices For This Group

45c Each

4 for \$1.70 6 for \$2.50
12 for 4.75 24 for 9.00

American Beauty — A magnificent, crimson rose. The large flower is very full. The petals are crimson-carmine shaded with Neyron rose. Fragrant.

Frau Karl Druschki — The best white of its class. The bud is tinged with

carmine pink. It opens into a large, full flower of snow white, with slight pink blush at center.

Magna Charta — The large flowers are bright pink, suffused with carmine. Lasting.

General Jacqueminot — Clear red flower of medium size, borne singly on long strong stem. Intensely fragrant. Blooms in June, and often again in Fall.

Mrs. John Laing — The large, soft-pink flower is borne on a long stem. Moderately fragrant. Blooms almost as steadily as an Everblooming Hybrid Tea rose. Very attractive and useful.

Paul Neyron — The large full flower is a lovely clear pink, shading to rose-pink.

Ulrich Brunner — The large full flower is geranium red, gradually turning to a deep carmine. Intensely fragrant.

FRAU KARL DRUSCHKI

MOSS ROSES

55c Each

3 for \$1.45 — 6 for \$2.65 — 12 for \$4.85

These lovely old-fashioned roses were found in the gardens of our grandmothers. We can supply Moss Roses in *Red*, *Pink* and *White* varieties. All 2-yr. field-grown plants. Specify color desired.

HEDGE ROSES

55c Each

2 for \$1.00 — 6 for \$2.65 — 12 for \$4.85

Try a rose hedge. It is much more beautiful than privet yet requires less care.

F. J. Grootendorst — An ideal hedge rose. Can be kept to height of four or five feet. Bears brilliant small red flowers throughout summer.

Pink Grootendorst — A pink variety of the above.

POLYANTHA (Baby) ROSES

A very valuable group of hardy small roses, forming shapely compact bushes. They are very useful in the garden. Plant them in front of shrubbery, along walks, around the bird bath, etc. They are practically ever-blooming.

All 2-Year Field-Grown Plants

Prices For This Group

40c Each

6 for \$2.05 12 for \$3.95
18 for 5.85 50 for 14.75
100 for \$27.50

Erna Teschendorff—Bright red, semi-double, slightly fragrant, of medium size on dwarf plants. Continuous and abundant bloomer.

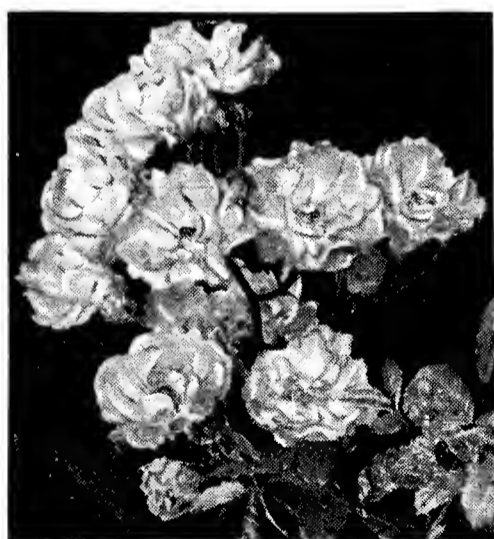

ELLEN POULSEN

Triomphe de Orleanais—Brilliant geranium-red, slightly fragrant flowers of good size with white center, very free and reliable. An unusual color in a Rose.

Ellen Poulsen—Large flower and bud, full, double, very lasting, moderately fragrant, bright cherry-pink. Abundant continuous bloomer.

Superba—Very double, large brilliant crimson flowers, borne in large branching clusters. Free flowering.

TRIOMPHE DE ORLEANAIS

Eva Teschendorff—Long pointed buds, double white flowers, very lasting, slightly fragrant.

Greta Kluis—Double carmine-red flowers borne in clusters. Good foliage; disease resistant. Abundant and continuous bloomer.

SHRUB ROSES

55c Each

2 for \$1.00 — 6 for \$2.65 — 12 for \$4.85

These are natural wild species which have been acclimated here. Plant them among your shrubbery, or as lawn specimens. They require little care.

Persian Yellow—Bears small, semi-double bright yellow flowers on the long graceful canes.

Hugonis Rose—"Golden Rose of China". Bears great festoons of brilliant yellow blooms. Very early.

RAMBLER ROSES

RAMBLER ROSES are hardy and thrive anywhere. They respond to good care and are most desirable for covering porches, arches, trellises. They are useful for covering fences, stone piles and road banks. With proper supports they may be used for hedges.

Ramblers have long pliable canes that are renewed every year, directly from the roots. The flowers are small but borne in great clusters, giving a brilliant mass effect.

All 2-Year-Old Field-Grown Plants

Pruned short, ready for planting.

Prices For This Group

40c Each

3 for \$1.10

6 for \$2.05

12 for \$3.95 18 for \$5.85 100 for \$27.50

Dorothy Perkins—This famous Rambler Rose is a great favorite. The flowers are a cherry pink and completely cover the plants. The crinkled petals give the flowers a delightful effect. The plants are strong growers, as much as twenty feet in a season.

White Dorothy—This is quite similar to Dorothy Perkins except that the flowers are white. It is one of the finest white climbers.

American Pillar—This is one of the best of the pillar varieties. Immense clusters of single bright crimson flowers with a clear white eye, borne on long stems. The flowers are slightly fragrant and very lasting, followed by red hips (berries) in Autumn. Grows 15 to 20 feet, but may be kept low by pruning.

Crimson Rambler—This popular favorite is the parent of the ramblers; the original forefather. A rank, vigorous grower. Double bright crimson flowers in clusters. Very hardy.

Excelsa—Intense crimson flowers in large clusters. A rapid, vigorous grower.

Tausendschon—Large double flowers, slightly fragrant on long stems. The buds are cherry pink, opening to softer shades. Flowers of different shades will be found in a single cluster. The name means thousand beauties.

TAUSENDSCHON

65c Each—3 for \$1.65

Veilchenblau — (Violet Blue). An interesting novelty. Flower medium size, semi-double, cupped. Intensely fragrant. The flowers open a brilliant crimson but quickly change to blue.

CLIMBING ROSES

CLIMBING ROSES have pliable canes somewhat heavier than Ramblers. New growth starts from the old canes. They are capable of attaining great length. The blooms are almost as large as Tea Roses.

There are now two kinds of Climbers, June-blooming and the new Everblooming varieties—Blaze and New Dawn.

2-Year, Field-Grown Plants

Prices On June-Blooming Climbers

50c Each

3 for \$1.35	6 for \$2.50
12 for \$4.75	50 for \$18.00
100 for \$32.50	

Aviateur Bleriot—Beautiful little yellow buds that develop to full, double, primrose blooms with a golden centre, having a delightful magnolia-like fragrance. A vigorous grower, producing many large clusters of flowers, of wonderful fine quality. Try this Rose if it is not in your garden.

Climbing American Beauty—The fragrant large, rich carmine flowers are produced in great abundance, several together on long stems. Vigorous grower, disease resistant. A very desirable climber.

Chaplin's Pink Climber—One of the newer Climbers. The large semi-double clear soft pink petals contrast with a golden tuft of stamens. The flowers are borne in large clusters. Very vigorous, hardy grower.

Dr. W. Van Fleet—This is a splendid Climbing Rose. The buds are perfectly formed on long stems; deep pink; fragrant, opening to full double flowers.

Handsome disease resistant foliage, attractive all Summer. Profuse bloomer. Rapid grower. Very hardy. Flowers are produced on last year's wood, so prune lightly.

Gardenia—Medium-sized creamy white flowers with yellow centers. They are borne in small sprays on short, strong stems. Very vigorous and hardy.

Mary Wallace—A very beautiful and valuable new Climbing Rose. Long pointed buds, large, handsome semi-double fragrant flowers on long stems with few thorns. The color is rose-pink. Rapid grower; very hardy; good disease resistant foliage. In every way a most satisfactory climber.

DR. VAN FLEET

**PAUL'S
SCARLET CLIMBER**

Paul's Scarlet Climber—A beautiful intensely red Climbing Rose. The flowers retain their intense color until the petals drop. The flowers are larger than those of the Ramblers and are freely produced in June and July.

The plant is very vigorous but does not grow so tall as to become unmanageable. It may be trained to a porch pillar, on a trellis, or kept tied to a post 6 to 10 feet high, which it will clothe with a flaming mantel of flowers every year, attracting the attention of everybody by its superlative brilliance and beauty.

Paul's Scarlet Climber is rated by the American Rose Society as one of the best climbers.

Silver Moon—One of the most satisfactory and indispensable Climbing Roses. This extraordinary climber is covered with rich, dark green foliage, a fitting background for the large semi-double white and creamy flowers borne in great profusion.

Primrose (Primevere)—The large double flower is a bright primrose-yellow, hence its name. Abundant bloomer in May and June. Very hardy.

Staechelín (Spanish Beauty)—Crimson buds, opening into large, perfumed bright pink flowers.

New Everblooming Climbers 2-Year Field-Grown Plants

A new, and very desirable group of climbers, capable of bearing from June until frost.

Roses described below are *sold separately*, NOT to be included in collections.

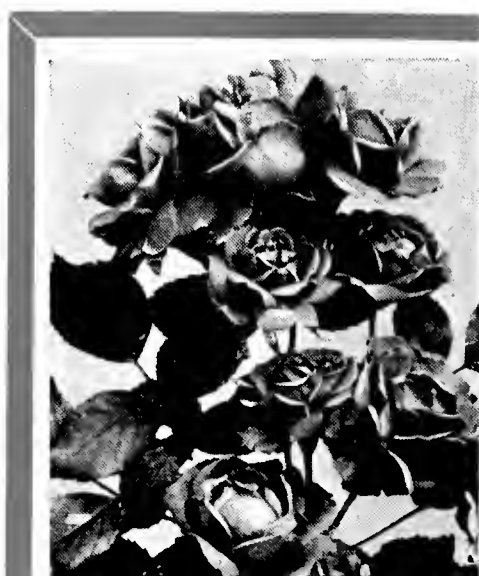

Blaze (Plant Patent No. 10)—Imagine having all the glory of Paul's Scarlet Climber throughout the summer and fall. It seems too good to be true, but Blaze is capable of providing just that summer-long pleasure. We saw specimens in full bloom in early September.

Price, \$2.00 Each

BLAZE

New Dawn (Plant Patent No. 1) — An ever-blooming sport of Dr. Van Fleet, already described. Will produce lovely large shell-pink flowers through a long season of bloom.

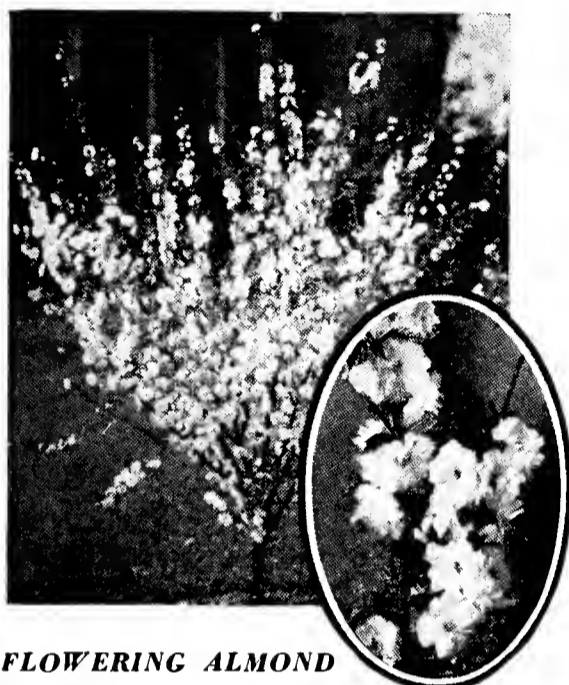

Price, \$1.50 Each

FLOWERING TREES

HAVE you glimpsed the opportunity to beautify your home grounds which Flowering Trees afford? Most of these trees are of small size, intermediate between Flowering Shrubs and Shade Trees. There is room for several on the average home place. Flowering Trees have usually been so expensive that many have regarded them as beyond their reach. Now, at the prices we quote here, you can buy three trees for the price usually asked for one.

**All Trees Shipped By Prepaid Post,
Insured Delivery**

FLOWERING ALMOND

Red Dogwood—Bears immense red flowers. Fruit is brilliant red and much enjoyed by birds. Greatly sought. 4 to 5 ft. **\$2.00 each.**

White Dogwood—Similar to Red Dogwood, but with large white flowers. The two provide pleasing contrast when planted together. 4 to 5 ft. **\$1.00 each.**

Flowering Crab — Very showy and beautiful. 5 to 6 ft. **\$1.00 each.**

Flowering Japanese Cherry — Same species as worshipped in Japan. Exquisitely beautiful. 5 to 6 ft. **\$2.00 each.**

Red-Leaf Japanese Maple—Not a flowering tree, but equally beautiful because of the lovely scarlet-crimson foliage. Low-growing. 3 ft. **\$2.50 each.**

Red-Leaf Japanese Maple—Smaller size. 2 ft., **\$2.00 each.**

Weeping Mulberry—A handsome, hardy tree. Birds are especially fond of the fruit. 5 to 6 ft. **\$2.00 each.**

Weeping Mulberry—4 to 5 ft. **\$1.50 each.**

American Redbud (Judas Tree)—Very showy pink flowers with deep red bases. Foliage handsome and distinctive. 5 to 6 ft. **\$2.00 each.**

American Redbud—Smaller size, 4 to 5 ft. **\$1.50 each.**

Weeping Willow—A graceful, fast-growing tree. 5 to 6 ft. **\$1.25 each.**

French Lilac—Blossoms much younger than older varieties, bearing large showy flowers, 3 ft. 2 for **\$1.00.**

Red Flowering Almond (Prunus Triloba) — Lovely red, double flowers early in spring. 4 to 5 ft. **75c each.**

White Flowering Almond (Prunus Triloba) — Excellent for planting with Red variety for contrast. 4 to 5 ft. **75c each.**

Prunus Pissardi (Purple-Leaved Flowering Plum) — Beautiful in flowers and in foliage. 5 to 6 ft. **\$1.00 each.**

WHITE DOGWOOD

FLOWERING SHRUBS

THESE beautiful flower-bearing bushes are indispensable in the corner and for foundation planting. They require little care yet will delight you with abundant bloom. By making a careful selection the season of bloom can be prolonged from April to September. Strong, heavily rooted specimens, 3 to 4 ft. high, before pruning. *We ship them pruned, ready for planting.*

Any 5 of These, \$1.00; 10 for \$1.80

**Postpaid,
Insured Delivery**

Deutzia (Pride of Rochester) — A graceful, slender shrub, bearing white flowers.

Double Syringa—Beautiful white, double flowers.

Forsythia (Golden Bell)—Bright, golden yellow flowers. Extremely early. Very showy.

Honeysuckle—Bears white to creamy flowers, scented.

Hydrangea Paniculata Grandiflora — Bears huge white to blue panicles in mid-summer, changing to bronze as autumn approaches.

Hydrangea Aborescens Grandiflora (Snowball)—Bears white flowers in round clusters. A lovely shrub.

Lilac, Purple—Old-fashioned; sweet-scented.

Philadelphus (Mock Orange)—Large white, double.

Red Barberry—Like ordinary Japanese Barberry, but with red foliage. New and still uncommon.

Snowberry—Bears sprays of white flowers, followed by round white berries.

Spirea Anthony Waterer—A low-growing Spirea bearing flat-topped clusters of dark crimson flowers. Summer bloomer.

Spirea Van Houtte (Bridal Wreath)—Beautiful and popular. Sprays of exquisite white flowers.

Weigelia, White—A very showy shrub that remains in bloom for several weeks.

Weigelia, Red—Similar to above, but rose-colored.

Pussy Willow—Produces delightful catkins for cutting.

Pink Rose of Sharon (Althaea)—A lovely shrub bearing large rose-like flowers in August and September. Valuable.

Red Rose of Sharon—Same as above but with red flowers.

White Rose of Sharon—Bears white flowers.

Any 3 of These, \$1.00

BEAUTY BUSH

HYDRANGEA P. G.

Postpaid, Insured Delivery

Beauty Bush—"A fountain of pink loveliness." New.

Butterfly Bush, Improved (Summer Lilac)—Lilac-like blooms keep appearing throughout the summer, if dead blooms are sheared off. Attracts butterflies by the score.

Korean Spirea — Bears white flowers 2 weeks later than Bridal Wreath. Plant for succession.

\$1.00 Each

Climbing Hydrangea — Grips wall by aerial rootlets.

EVERGREENS

WE offer sturdy specimen Evergreens, several times transplanted to assure compact root growth and well balanced tops. These are not seedling trees but transplanted trees from 5 to 7 years old. They are marvelous values at our postpaid prices. The sizes noted below are very conservative and exclusive of roots. Most trees will come larger than promised.

Any 4 for \$1.00

Balsam Fir—Tall-growing, dark. Favored by many for Christmas trees. 12 to 15 in.

Norway Spruce—Fast-growing, popular for Christmas trees. 12 to 15 in.

Mugho Pine—Dwarf, round variety. Very popular for rock gardens and foundation planting. 12 to 15 in. across.

American Arbor Vitae—Upright, slow-grower. 12 to 24 in.

Globular Arbor Vitae—Slow-growing, dwarf. For rock gardens and foundations. 12 to 15 in.

Hovey's Arbor Vitae—Another dwarf variety, but more oval. 12 to 15 in.

Mushroom Arbor Vitae (*Umbracaulifera*)—12 to 15 in.

Vervane Arbor Vitae (*Vervaneana*)—A dense-growing variety with yellowish foliage becoming bronzy in winter. 12 to 15 in.

Any 3 for \$1.00

Caucasian Arbor Vitae—Uncommon variety. 12 to 15 in.

Colorado Blue Spruce—Very popular; steel-blue foliage. 10 to 12 in.

Golden Arbor Vitae (*Douglasii Aurea*). 12 to 15 in.

Douglas Fir—Bright green, erect. 12 to 18 in.

Siberian Arbor Vitae—A dense-growing variety with bright green foliage. 10 to 12 in.

Irish Juniper—Bright green, slender. 2 to 3 ft.

Swedish Juniper—Slender, tall-growing, 2 to 3 ft.

Prostrate Juniper—Low, spreading. Fine for rock gardens and foundations. 10 to 12 in.

A Well-Planned Foundation Planting

HARDY PERENNIALS

PERENNIALS are plants which live on from year to year, usually dying back to the crown every winter, and starting afresh in the spring. An investment in perennials will pay dividends in pleasure for many years.

All 2-year, field-grown plants

Aquilegia (Columbine)—Beautiful and popular hardy plants, blooming in early summer. **5 for \$1.00.**

Bleeding Heart—Old-fashioned favorite; 2-year clumps. **3 for \$1.00.**

Coreopsis Grandiflora (Tickseed) — Large yellow flowers, fine for cutting.

6 for \$1.00.

Delphinium—Gold Medal Hybrids bearing extra-large spikes, heavily studded with flowers. Ex. lge. **5 for \$1.00.**

Delphinium—Hollyhock type. Very large. **4 for \$1.00.**

Forget-Me-Nots—Dainty, old-fashioned flowers.

6 for \$1.00.

Hardy Asters—Assorted colors. Fall blooming.

5 for \$1.00.

Gaillardia (Blanket Flower)—Mixed colors. Long season.

6 for \$1.00.

Heleniums—Large, aster-like flowers. **5 for \$1.00.**

Hollyhocks—Finest double varieties. **5 for \$1.00.**

Foxglove (Digitalis)—Bears dignified and stately spikes. Pink, Purple, White and Yellow. **5 for \$1.00.**

Mallow Marvel Giants—Red, Pink and White. **7 for \$1.00.**

Phlox—Large two-year, field-grown plants. Will bloom the first season. We have a wide variety of colors, including scarlet, carmine-purple, white, salmon pink, rosy pink, cherry red, deep crimson and French mauve. **6 for \$1.00.**

Polygonum (Silver Lace Vine)—Produces great foamy sprays of creamy white flowers. **2 for \$1.00.**

Red Hot Poker (Tritoma)—Very showy flowers of unusual shape. New colors, scarlet red, also red and gold.

4 for \$1.00.

Sweet William (Dianthus Barbutus)—A very showy flower, blooming in the spring. Very hardy and easy to grow. Crimson, Newport Pink, Dark Red, Red, Salmon Rose, White, Scarlet. **5 for \$1.00.**

Shasta Daisy—Improved, giant-flowered strains.

5 for \$1.00.

SHASTA DAISY

Chrysanthemums

POMPON CHRYSANTHEMUMS

Plant chrysanthemums freely for late fall bloom. We have specialized in Pompon Chrysanthemums for years, and can supply them in a variety of colors.

8 for \$1.00 100 for \$11.00

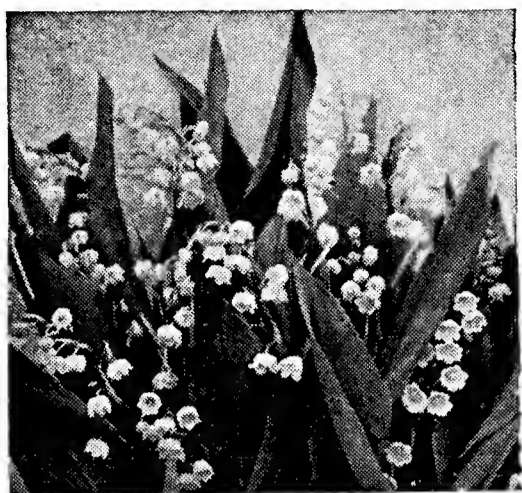

Special Grand Collection of 12 One Dollar Collections Delivered Postpaid for only \$10.00

Make up your own Grand Collection by selecting 12 of the \$1.00 Hardy Perennial Collections.

Lily of the Valley

INDISPENSABLE in the smallest garden. The beautiful, chaste, sweetly scented flowers are always in demand. The plants are perfectly hardy and will stand severe winters without protection.

Two-year old pips, 25 for \$1; 100 for \$3

GLADIOLUS

All First-Size Bulbs—Guaranteed to Flower

The Gladiolus is an annual, grown from a bulb, but its culture is so easy that it deserves to rank almost with the perennials. Plant it generously, both for mass effect and for cutting.

The varieties offered here have been carefully selected to give a good assortment of colors and shades. These bulbs will produce large and beautiful spikes of brilliant flowers.

We use only first-class bulbs. They will produce gorgeous blooms the first season. Do not compare them with smaller bulbs which often will not bloom until the second season.

Make up your own Collection from the list below. One or more of a kind.

Albania—A splendid white.

Alice Tiplady—A fine variety, classed as a Primulinus Hybrid. Rich orange saffron.

America—Very light lavender pink. Most popular.

Break o' Day—Soft La France pink flowers flushed with cream. Most striking early variety.

Butterboy—Delightful soft yellow.

Halley—Large flowers of beautiful salmon-pink with creamy white blotch in throat. Blooms very early.

Herada—Deep, rich, lilac mauve. Very showy.

Jewel—A fine salmon-pink with golden throat.

Joe Coleman—Bright red, spotted with carmine.

Los Angeles—A new La France pink. Produces side branches so that several cuttings may be made from a single spike.

Maiden's Blush—Exquisite blush pink.

Mrs. Francis King—Brilliant, flamingo-pink, blazed with vermillion-red. Large flowers.

Mrs. Frank Pendleton — Salmon-pink; deep maroon blotches on the three lower petals.

Mr. W. H. Phipps—Geranium-pink. Popular exhibition variety.

Myra—Large flowers, exquisite deep salmon over yellow ground. Throat yellow with faint pink markings.

Nineteen Ten Rose—Large rose-colored blooms.

E. J. Shayler — Tall, strong plants with large blooms of a beautiful rose-pink.

Giant Nymph—La France pink, with cream yellow throat.

Peace—White with claret blotch on lower petals and pale lilac featherings.

Prince of Wales—Soft salmon. One of the most popular varieties.

Shiela—Large, light salmon. Very early.

Sweet Rose — Pure, soft rose-pink. Deeper Throat. Wide open flowers on a strong plant.

Virginia Hale — Cream white, suffused peach red. Throat light primrose yellow.

Wilbrink — Rose-pink; very early.

Wolverine—Coral pink, mottled deeper pink.

“The Garden Lovers’ Guide”

Free With Every Order

WITH every shipment of Roses and other planting material mailed this season we will include FREE “Garden Lovers’ Guide,” an illustrated manual explaining every gardening operation.

This little book tells how to select Roses for cutting and for landscape effect. How to plant, fertilize, spray and prune.

There are also helpful chapters on the selection, planting and care of Evergreens, Flowering Shrubs, Perennials and Annuals, including Holland Bulbs.

As explained, this Book is given FREE with every order selected from this Catalog. If you prefer it separately, send 25c (coin or stamps); we’ll mail “Garden Lovers’ Guide” postpaid.

VISITORS WELCOME

Reynolds’ Farms are located on the old Boston Post Road (U. S. Conn. No. 1), just west of South Norwalk, Conn., on the south side of the road. Watch for the Reynolds’ Farms flower booth or turn south at the Reynolds’ Farms sign. It is just a short turn from the main road to our place.

Thousands of tourists visit our Farms every year. Many take their Roses with them, ready for immediate planting.

We ship live plants safely anywhere in the United States and often to foreign countries.

We have developed a system of holding Roses and other Shrubs dormant, so that we can supply planting material at almost any season.

Orders, unless reserved for future delivery, are shipped the day they are received.

All goods shipped postpaid, insured delivery.

Honorable Treatment Guaranteed
